

SHERWIN ALUMINA COMPANY, LLC

From : Sherwin Alumina Company
Date : November 14, 2011
RE : Contractor Incident

While performing routine maintenance around 11:45 a.m., an incident occurred with a contract employee inside the Sherwin Alumina Plant. On-site responders attended to the injured, who was then transported to a local hospital for further treatment. Our thoughts and prayers are with the worker and his family.

As the worker involved in the incident is not a Sherwin Alumina employee, we are unable to disseminate any further information about the individual. Follow-up questions can be directed to Brian Swasey, Site Manager for WSI at 361-212-2179.

Sherwin Alumina has initiated an investigation regarding the cause of the incident and is cooperating fully with all appropriate authorities.
